

**ARTICLE 28**  
**RESPONSIBLE UNION-COMPANY RELATIONSHIP**

The Company and the Union recognize it is in the best interests of both parties, employees and the public that all dealings between them continue to be characterized by mutual responsibility and respect. To ensure this relationship continues and improves, both parties agree that their respective representatives at all levels will apply the terms of this Agreement in accord with its intent and meaning and consistent with the Union's status as exclusive bargaining representative of all employees in the unit.

Each party shall bring to the attention of all employees in the unit their purpose to conduct themselves in a spirit of responsibility and respect and of the measures they have agreed upon to ensure adherence to this purpose.

This Agreement recognizes the heritage of our responsible relationship which began in the 1960's and has been improved upon throughout the subsequent years. We recognize that the labor relationship builds upon our past but looks to the future as well.

The long-term success of the Company and the Union are interrelated and dependent upon our meeting the needs of our customers. The Union, through its membership, has a vital role in the overall success of the Company's operations. Consequently, each party shall participate in the open exchange of information to the fullest extent possible. The Company must continually improve efficiency in order to ensure our ability to be competitive in the marketplace and to prosper. The Union must play an essential role in sharing in the achievement of these goals.

Organizational and technological innovations are necessary and inevitable. We believe that every employee has both the ability and responsibility to contribute to the goals of the organization - in return, the Company will treat every employee with dignity and respect.

Both parties have the responsibility to assure this improving relationship exists, is endorsed and communicated throughout all levels of the Company and the Union.
