Subject: AT&T Mobility Health Care Surevey

Dear Colleagues:

As you may know, the first phase of our negotiations with AT&T Mobility about our health benefits ended without an agreement. The CWA Bargaining Committee is now preparing for the next phase, which involves meeting with a federal mediator beginning on Monday, July 14. To further prepare for this meeting, we would like to gather some more information from members about their experience with access to the current United Health Care and Blue Cross and Blue Shield network health plans. We also would like to know what their experience has been with HMOs.

We realize this is very short notice and we will be sending this request directly to Mobility members who are on our e-activist mailing list. However, this list will not touch as many members as we would like. Please help by forwarding this request to any of the Mobility membership within your Local.

We need your members' response ASAP.

The survey may be completed by going to:

Thank you for your assistance!

In Solidarity,
